II. ADDITIONAL INFORMATION

Arrival to Sofia

A valid passport is required for entry to Bulgaria for some non-EU countries. For further information and visa requirements, please contact the Embassy/Consulate of the Republic of Bulgaria in your respective country. For more details – <http://www.mfa.bg/en/pages/view/85>. Participants from EU countries can use their ID cards.

There are direct flights to Sofia from the most major European airports. Generally, the international flights arrive at Terminal 2 of Sofia Airport. The drive from there to the downtown takes 20-30 minutes.

Both Sofia`s Central Rail Station and the International Bus Station are located close to the city centrum.

If arriving by car, be aware of the numerous speed traps at the entrances to the city as you will end up with a not insignificant spot fine.

Local Transport

The taxi services in Sofia are cheap and reliable and there are a small percentage of frauds. All taxis should be colored in yellow and operate by meter – it`s worth checking if the meter is on. The CMDR COE strongly recommends the services of companies such as *OK Supertrans*, *Eurolease*, *Yes* and *Yellow333*. Their cabs are recognizable by their call-centers always well shown on vehicle`s sides. It is recommended to check the prices before you enter the car to avoid overcharge. At the airport use the official taxi booth inside and out of the Terminal 2. Use of unofficial taxi may result in overcharge up to 10 times the normal fare. A taxi ride to the central parts of Sofia should not be more than 20-25 BGN. The payment should be made in Bulgarian currency only. You can exchange currency at the airport or use the ATM.

The public transport in Sofia is composed of buses, trolleybuses, tram networks and an underground as well. The city is amply covered by an interlocking network with services

running from about 05:00 to 23:30. Single-journey ticket costs 1.60 BGN and can be bought from street kiosks at the stops or from the driver. Ticket must be validated on board using the metal punchers near the windows. A single-trip ticket may be issued by on-board vending machine in trams and trolleys for each journey. The metro tickets have the same price (1.60 BGN) but are different from those used in ground transport, and can only be purchased from ticket counters in the underground stations themselves.

Miscellaneous

Sofia has an area of 1310 sq. km and population of 1 177 577 inhabitants.

CLIMATE: Winters in Sofia can be extreme. Temperatures are typically around freezing but can reach -10 degrees Celsius for particular periods. Frigid temperatures are accompanied by precipitation of snow or rain. Please bring suitable clothing.

LOCAL TIME: GMT+2.

CURRENCY: Bulgaria's unit of currency is the Lev (pl. leva), code – BGN. It is in fraction of 100 *stotinki* (singular: *stotinka*). The denomination is coin of 1 Lev and banknotes of 2, 5, 10, 20, 50 and 100 Levs. The exchange rate against the euro is fixed at BGN 1.95583 for €1.

EXCHANGE: Many international banks and Foreign-Exchange Offices operate in Sofia. Currency exchange at the airport on arrival or departure, and in the hotels, is also possible. Do not exchange money in the streets or outside financial offices despite the bargain rate offered: you risk being cheated!

BANKING HOURS: From Monday to Friday 09:00 – 17:00. Most of Foreign-Exchange Offices are open until 6 PM, and some around the clock. For more information on the actual rates it is better to consult with the Bulgarian National Bank (BNB) website: www.bnb.bg. Most of the banks have very friendly web portals where can find concerning information as well as the location of their ATMs.

TELECOMMUNICATIONS: International direct-dialing access code for Bulgaria: +359, for Sofia: +359 2. Cell phones are widely available where mobile services are provided by three operators M-tel, Telenor and Vivacom.

DRINKING WATER: The tap water is safe to drink but not always pleasant in taste or appearance. Bulgaria's vast supplies of mineral water are widely available in 0.5 litre and 1.5

litre bottles. They are very tasty and not expensive. Stick to well-known brands such as Gorna Banya, Devin or Bankia and check that the bottles are properly sealed.

ELECTRICITY: Main voltage 220 V/50 Hz, round two-pin plugs.

MOTORING: Drive on the right, overtake on the left, cross only when the traffic light is green, give right of way to vehicles approaching from the right at crossroads and to buses in urban areas, carry your International Driving Permit, ride with lights on at all times. The use of seat belts is mandatory for all passengers, except pregnant women. Speed limits are 50 km/h urban, 90 km/h outside and 130 km/h highways.

EMERGENCY: CALL 112.
